

## Breathing Apparatus Wearer Course

DURATION: 5 Days

### PRE ATTENDANCE REQUIREMENTS

Students nominated to attend this course will require:

- a basic knowledge of breathing apparatus and a general understanding of Fire Service terminology.
- be physically and mentally capable of meeting the requirements of the course
- suitably competent to wear breathing apparatus

### AIM

To provide the student with elements of theoretical and practical training in the use of Self Contained Breathing Apparatus (SCBA). This will enable each student to be fully aware of the basic guidance and procedures required for the safe and effective use of SCBA.

### OBJECTIVES

At the end of the course, students will be able to demonstrate their ability to:

- to be aware of the current guidance affecting the safe use of SCBA
- to fully understand the use of the apparatus
- to be able to don and doff the apparatus in accordance with the manufacturer's instructions
- to have a full understanding of the safety and control procedures when operating SCBA
- to have worn SCBA in various conditions which could be encountered within the workplace
- to meet the requirements of CAP 168, Chapter 8 (aviation students)
- to demonstrate competency through a written and practical/oral assessment
- to meet the requirements of current legislation

# International Fire Training Centre

## About IFTC

The International Fire Training Centre is a leading global resource offering an unrivalled range of specialist training, educational and consultancy services to the firefighting community worldwide.

We produce elite, fully accredited firefighters of the highest calibre who have the skills, knowledge and confidence they need to protect and safeguard your people, assets and reputation in even the most extreme environments.

In addition to our world-class training and educational programmes, our international network of trusted and experienced fire specialists provides expert consultancy services to clients across the globe.

As a progressive, groundbreaking organisation we have built a proven reputation over three decades for sustained innovation, unparalleled industry knowledge, and customer service excellence that is second to none.
