

BAWRA – Breathing Apparatus Wearer Revalidation Assessment

Do your staff require
maintenance of competency
training for Breathing
Apparatus wearing?

Would an intensive two-day
BA revalidation course help
you with any of the risks you
have at your station?

Course Overview

The two day BAWRA has been designed and developed by Serco IFTC in line with *Department for Communities and Local Government, Operational Training Guidance - Breathing Apparatus* and in line with the content and assessment used by the Ministry of Defence for its firefighters. Throughout the course participants will be observed continuously and assessed by means of a *Summative Assessment by competent Breathing Apparatus Trainers (BAT)* and *Compartment Fire Behaviour Trainers (CFBTT)* staff from IFTC, utilising an *Assessment Check Sheet*. During these Assessments individuals must perform in varying conditions to include:

- a. Restricted Visibility
- b. Heat
- c. Smoke
- d. Live Fire
- e. Transiting through compartments
- f. Variation in Levels

The Assessment will include
(but not exhaustive):

- Search & Rescue skills
- Stair procedures
- Casualty Handling
- Searching & Teamwork
- Orientation / Travel Direction
- Leadership Teamwork
- Land Marking and Search Area Memorising
- Appropriate Gas Cooling Techniques
- Appropriate Extinguishing Techniques
- Use of Hoselines
- De-brief

On successful completion of all assessments a certificate of achievement will be issued to each individual following a demonstration of competence.

Skills

Ensuring your fire and rescue response teams have the skills and confidence to respond effectively. Designing, delivering and assuring theoretical, practical and digital training packages for delivery at IFTC and at your site.

Working with the wider Serco capability to give you help where and when you need it, with fire service apprenticeships, emergency planning and leadership development.

Advice

Audit and assurance services for your fire response capability, offering you peace of mind on your compliance. Reviewing your tasks, plans and resources, using fresh, tested minimum resource tools.

Accessing wider Serco capability on integrated risk planning and fire service asset management, so you continue to maintain capability at full efficiency.

Resource

Helping you to recruit the right personnel at all levels of your fire service, to provide you with the team you need, when you need it and where you need it. Working with you on new ways to use the training resources you have, to best effect.

Drawing on Serco's expertise in fire service management to give you options on transformation projects and outsourcing.

About IFTC

The International Fire Training Centre is a leading global resource offering an unrivalled range of specialist training, educational and consultancy services to the firefighting community worldwide.

We produce elite, fully accredited firefighters of the highest calibre, who have the skills, knowledge and confidence required to protect and safeguard your people, assets and reputation, even in the most extreme environments.

In addition to our world class training and educational programmes, our international network of trusted and experienced fire specialists provides expert consultancy services to clients worldwide.

As a progressive, groundbreaking organisation, for over three decades we have built a proven reputation for sustained innovation, unparalleled industry knowledge, and customer service that is second to none.

Train on our 19 acre fire training ground, complete with multi scenario rigs for exercises across a range of industries.

Immerse yourself in our *Command and Control* virtual reality system to deal with realistic emergencies, within a safe classroom environment.

Learn from our highly skilled and experienced instructors to give you the knowledge and confidence to carry out your role effectively.
