

# Fire Investigation Officer

(Level 2 Cert - Skills for Justice)

If your Airport (non aircraft) had a fire, have you the skills required to carry out a fire investigation?

## Training course to include:

- Practical excavation of a real fire scene examination
- Guest speaker  
- *Fire Investigation Dog Handler*
- The supply of IFE02  
- *A Guide to Fire Investigation*

The certificate from this course may, when successfully completed, be used as 'Recognised Prior Experiential Learning' (subject to discussion with the university) towards the *BSc (Hons) Fire and Rescue* degree, currently offered by the University of Wolverhampton.

This degree is available either full time, or part time at the university campus in Wolverhampton, or part time distance learning. It is available in two variants, either the *BSc (Hons) Fire and Rescue*, or the *BSc (Hons) Fire and Rescue Aviation* variant.

## Aims and Objectives

The course will develop delegates' skills and knowledge to enable them to prepare, investigate and report a fire investigation and to communicate / present evidence of findings of the investigation to stakeholders.

### Units include:

- LI FI - 01 Preparation
- LI FI - 02 Investigate
- LI FI - 03 Report
- LI FI - 04 Present

### At the end of the course the delegate will demonstrate:

- An understanding of the science, technology and legal issues that informs a fire investigation
- A comprehensive understanding of the investigative techniques and the current tools used in fire investigation
- The ability to critically evaluate research and methods in the subject of fire investigation
- The ability to present evidence related to fire investigations in court and at other hearings.

**Please note: For this course there will be pre and post study work that will be required to be completed by all attendees.**

## Dates

14th to 18th October 2019

## Duration

5 day course to include 1 day practical fire scene investigation.

## Accreditations

Accredited by *Skills for Justice Awards*.

## Costs

£1,900 + VAT

Includes all course materials and five nights accommodation on a full board basis.

## About IFTC

The International Fire Training Centre is a leading global resource offering an unrivalled range of specialist training, educational and consultancy services to the firefighting community worldwide.

We produce elite, fully accredited firefighters of the highest calibre, who have the skills, knowledge and confidence required to protect and safeguard your people, assets and reputation, even in the most extreme environments.

In addition to our world class training and educational programmes, our international network of trusted and experienced fire specialists provides expert consultancy services to clients worldwide.

As a progressive, groundbreaking organisation, for over three decades we have built a proven reputation for sustained innovation, unparalleled industry knowledge, and customer service that is second to none.

Train on our 19 acre fire training ground, complete with multi scenario rigs for exercises across a range of industries.

Immerse yourself in our *Command and Control* virtual reality system to deal with realistic emergencies, within a safe classroom environment.

Learn from our highly skilled and experienced instructors to give you the knowledge and confidence to carry out your role effectively.
